

The second general meeting and science program  
for the Japanese Biological Safety Association

November 8, 9, 2002

at National Institute of Infectious Diseases, Tokyo, Japan

The Japanese Biological Safety Association

Nov. 8

Opening address by Dr. T. Kurata (NIID) (9:00 ~ 9:05)

Session 1 Biosafety-Safety management (9:05 ~ 10:35)

Biosafety education & Training

Dr. T. Komatsu (NPO Bio-medical Science Association)

Inspection system of Biological Safety Cabinet at the site of location.

Mr. A. Kitabayashi (Hitachi Air System)

Transportation of Pathogenic agent

Dr. K. Sugiyama (NIID)

Biosafety manual of Pathogenic bacteria (17:00 ~ 17:40)

Dr. S. Shinoda

(Chair of Biosafety Committee of Japanese Society for Bacteriology)

General Meeting (11:00 ~ 11:30)

Invited Lecture (12:45 ~ 14:00)

Biosafety & Bioterrorism

Dr. J. Richmond (CDC)

Session 2 Animal Biosafety (14:15 ~ 16:50)

Animal Biosafety

Dr. K. Yamanouchi (Nippon Biological Science Institute)

Animal experiment & biosafety

Dr. H. Sato (Nagasaki Univ.)

Animal biosafety in National Institute of Animal Health

Dr. T. Tsuda (National Institute of Animal Health)

Quarantine of primates and facilities

Dr. K. Suzuki (Animal Quarantine in Narita)

Biosafety of primate

Dr. R. Mukai (NIID)

Party (18:00 ~ 20:00)

Nov. 9

Session 3 Hospital /Diagnostic Lab. Biosafety ( 9:00 ~ 11:00)

Biosafety in University Hospitals

Dr. K. Kanemitsu & Ms. Y. Abe (Tohoku Univ.)

Biosafety in Registered Hospitals by the Law for protection of infectious diseases

Dr. T. Kuratsuji & Dr. T. Kinoshita

( International Medical Center of Japan )

Biosafety in Hospitals for TB

Dr. Y. Nakajima & Mr. A. Aono (RIT Fukujuji Hospital)

Session 4 Infectious waste materials ( 12:30 ~ 14:30)

General lecture for medical waste

Dr. H. Matsushima (Hamamatsu Medical College)

New technic for intermediate treatment to infectious materials and guideline

Dr. Y. Haijima (National Institute for Medicine and Food)

Actual conditions of treatments for medical wastes

Mr. N. Watanabe (Institute of Medical Waste)

Session 5 Applied subjects ( 15:00 ~ 16:00 )

Topics ( 16:00 ~ 17:00 )

Polio eradication program & Containment of wild polio strains

Dr. T. Miyamura (NIID)
