

The 17th JBSA Annual Conference Program

December 11-12, 2017

Solid Square, Kawasaki City, Kanagawa prefecture

December 11, 2017(1st Day)

Reception: 10:00~

Opening remark [11 : 00~11 : 05]

Chairman: Hiroyuki Kunishima (St. Marianna University School of Medicine)

Educational lecture① [11 : 05~12 : 30]

Chairman: Ichirou Kurane (National Institute of Infectious Disease)

1) 『Japan Disaster Relief team response to yellow fever in Democratic Republic of Congo』

National Institute of Infectious Disease

Masayuki Shimojima

2) 『Reston Ebola Virus』

National Institute of Infectious Disease

Shuuetu Hukushi

Workshop①Laboratory Biosafety Guideline on Japanese Biological Safety Association [14 : 00
~14 : 40]

Chairman: Takeshi Kurata

(Shioya Hospital, International University of Health and Welfare)

Kazuyoshi Sugiyama (National Institute of Infectious Disease)

National Institute of Infectious Disease

Katuaki Sinohara

Applied Subjects [14 : 40~15 : 40]

Chairman: Atsuo Kitabayashi (Ikari Corporation)

Eiichi Kodama (Tohoku University)

1) The effectiveness to exhaust it individually in the outdoor exhaust of BSC

Hitachi Industrial Equipment Systems Co., Ltd.

Keiichi Ono, Nobuyoshi Yamoto

2) The investigation of sobering experiences on pathogen transport

Division of Biosafety Control and Research, National Institute of Infectious Diseases

Shigeo Iki Kiyoshi Tanabayashi

3) Testing kits for imported infectious diseases
Alere Medical Co.,Ltd. Product Manager,Marketing

Yuya Okuhira

4) Present status and task of the biosafety in the examination of bacteria room of St.Marianna University Hospital
St.Marianna University School of Medicine

Yukitaka Yamasaki

Educational lecture② [16 : 00~16 : 45]

Chairman: Koki kaku(National Defense Medical College)
『Japanese encephalitis -on the way to infection control-』
Kanagawa Prefectural Institute of Public Health

Tomohiko Takasaki

Evening Seminar [16 : 45~17 : 45]

Chairman: Keiji Kanemitsu(Fukushima Medical University)
『Crisis Management for Infectious Diseases – The Role of Infection Control Social Network』
Tohoku University

Mitsuo Kaku

December 12, 2017(2nd Day)

Symposium① AMR [9 : 00~10 : 30]

Chairman: Kanemitsu Keiji(Fukushima Medical University)
Mitsuaki Nagasawa(International University of Health and Welfare)

1) Importance of tackling antimicrobial resistance
AMR Clinical Reference Center, National Center for Global Health and Medicine Hospital
Yoshiaki Gu

2) Role of the microbiology laboratory on Antimicrobial Resistance
The University of Tokyo Hospital
Tomoaki Satou

3) Role of the pharmacist in National Action Plan on Antimicrobial Resistance (AMR)
Department of Pharmacy, Tohoku-Rosai Hospital
Hajime Nakai

4) Our medical management of the infection in care home residents
President of Kawasaki Rinko General Hospital
Yoshiyuki Watanabe

Invited lecture① [10 : 30~11 : 20]

Chairman: Hiromu Takemura(St.Marianna University School of Medicine)

『Current status and future issue of antibiotic resistant Gram-negative organisms important for prevention and infection control』

Department of Microbiology and Infectious Diseases, Toho University School of Medicine

Yoshikazu Ishii

Invited lecture② [11 : 20~12 : 10]

Chairman: Shigeru Morikawa(National Institute of Infectious Disease)

『Present status and task of antimicrobial resistant bacteria originated from animals and environment』

Center for Veterinary Drug Development Rakuno Gakuen University

Yutaka Tamura

Workshop② Biosafety for Experimental Animals [13 : 10~14 : 00]

Chairman: Kiyoshi Tanabayashi(National Institute of Infectious Disease)

Shigeo Iki(National Institute of Infectious Disease)

1) Design of BSL3/ABSL3 Laboratory Suite

Non-Profit Organization Biomedical Science Association¹

Ikari Disinfection Co.,Ltd²

Atsuo kitabayashi^{1 2} Takashi Miyakoshi¹ Hideaki Maekawa¹

2) Test of Pathogens in Nonhuman Primates

The Corporation for Production and Research of Laboratory Primates

Kaoru Tsunoda Koji Fujimoto Atsuo Kitabayashi

Educational lecture③ [14 : 10~14 : 40]

Chairman: Kouichi Yamanishi(Research Institute for Microbial Diseases)

『Current status and challenges of measles in Japan after the achievement of measles elimination』

National Institute of Infectious Diseases, Infectious Disease Surveillance Center

Katsuhiko Komase

Symposium② [14 : 40~16 : 10]

Chairman: Nobuhiko Okabe(Kawasaki City Institute for Public Health)

Hiroyuki Kunishima(St. Marianna University School of Medicine)

1) The importance of response drill against unpredictable infectious disease patient

Kawasaki City Institute for Public Health

Takako Misaki

2) The role of public health center in response drill against unpredictable infectious disease patient

Kawasaki City Public Health Center, Health and Welfare Bureau, Kawasaki City

Tsuyuko Hayashi

3) An experience in receiving training program for the emerging or re-emerging disease as the medical institution

St. Marianna University, Department of Microbiology, Kawasaki, Japan.¹

St. Marianna University Hospital, Department of Infection Control, Kawasaki, Japan.²

Hiromu Takemura^{1 2}

4) From the point of view of the laboratories

Kawasaki City Institute for Public Health

Chiaki Matsuo

5) From the point of view of biosafety

National Institute of Infectious Diseases

Kazuyoshi Sugiyama

Closing remark [16 : 10~16 : 20]

Chairman: Hiroyuki Kunishima(St.Marianna University School of Medicine)
